Jess and Lee,

Please begin to perform a preliminary review, and if there are areas where you think Anna and Owen can help, please let me know. They are both crazy busy right now. I intend to review all of these, but with a highest focus on ESA and the decision document. Lee, get whatever comments you may have to Jess so that we aren't working in competing redlines. I will wait to review until you two give me the green light.

Thanks.

Deliberative

Dave, David, Susan and Mary,

Attached are preliminary documents for your review. These documents have been reviewed/routed through Office Directors in OW, OGC and OECA. Leif and I have reviewed the documents in the Region. Please note that the draft Decision Document is currently very preliminary and contains placeholders for portions of the review underway which means it lacks information relative to the response to comments. The remaining documents cover three topics:

1. Code 1g: Funding & Staffing
2. Code 1h: Streamlining
3. Code 10c: EPA's policy on ESA consultation

Later today, I anticipate receiving the entire response to comment document. At that time, we will start our review process and anticipate sending you the document mid next week. Any comments we receive before that time will be incorporated/addressed.

Please let me know if you have any questions or comments.

Thanks

Jeananne
